

Community Snow Globe Event Draws Hundreds to ARTS@302

On November 13, ARTSOK hosted a festive “Make Your Own Snow Globe” community activity at Arts@302, in conjunction with the Christmas in Broken Arrow Kick-Off. Kids of all ages got creative, crafting over 450 DIY snow globes during this joyful, hands-on event.

The line for this activity ran down the block and twisted through the gallery allowing guests to view some amazing pieces by the Oklahoma Sculpture Society and the Tulsa Artists Guild. Arts@302 was alive with holiday spirit and filled with cheerful festival songs, laughter, and merriment. In partnership with the City of Broken Arrow, this was a completely free activity, open to the whole community. This event is just one example of the many free activities ARTSOK offers to enrich and connect the community throughout the year.

We hosted more than 800 people at ARTS@302 for an evening of merriment.

ARTSOK is excited to continue spreading holiday cheer with our Second Saturday Art: Holiday Ornaments activity on December 13 at Arts@302 from 10:00 a.m. -1:00 p.m.

We will soon be announcing our free 2026 Second Saturday activities, including a grand kick-off called the Imagination Spectacular on January 10th from Noon–4:00 p.m. You and the family won’t want to miss this!
